Restaurant Search Engine:
3. As Javier (Customer), I want to search for restaurants based on rating, so that I know which places would draw in the most views to my blog.

Restaurant Page Profile
4. As Steve (Restaurant Owner), I want to upload simple photos of my dishes and restaurant, so that I can promote exactly how I did in traditional media.

Restaurant Page Profile
5. As Fiona (Customer), I want to see videos of how restaurants make their food, so that I can feel safe ordering it for me and my children.
